18. CONTROLS AND TIMING

The rally will be divided into road ,sections and special stages .

All controls will be a time control (TC) Each road section will be allotted a target time and a
competitor can calculate his due time of arrival at any TC by adding this target time to their actual time of
departure from the preceding TC. All special stages will have a bogey time set at 75 mph average and a
target time set at 40 mph or less,

However excess lateness in minutes taken over target on road sections and on special stages is cumulative and once lost cannot be regained, When the cumulative lateness between MTC OUT and MTC IN exceeds the permitted maximum , a competitor will be excluded.

Permitted lateness on this event is 10 minutes.

Timing on road sections will be to the whole minute , Timing on the special stages will be to the nearest second. Such sections will be clearly indicated in the Route Book / Time card.

Should any recorded time be illegible or not appear authentic , the organisers may use any means at their disposal to establish a time,

The organisers times and distances are deemed to be correct,

Procedure:

Main Controls (MTCs)

MTC OUT is situated at the start of the rally, Each competitor will be issued with the due start time from MTC OUT. The difference between this time and the allotted start time will be penalised at one minute per minute. To be classified as a finisher ,competitors must not have accumulated more than 10 minutes lateness prior to MTC IN.

Special Stage arrival (SSA)

On arrival at SSA, the competitor must be ready to start the stage with helmets and belts on, After control procedures he or she will follow marshals instructions to move to the start line , A competitor who is early may wait for his or her due time outside the control area (yellow clock)>

Special Stage Start (SSS)

At the SSS , competitors will receive a start time for the stage in hours ,minutes and seconds.

Once a competitor has cleared SSA , the start marshal will assume that he is ready to start the stage and will issue a time as soon as the start line is clear, whether the competitor is ready to start or not. The marshal will inform the competitor at 10 seconds to go and will count down 5-4-3-2-1- and give a signal to GO at zero,

Special Stage Finish (SSF)

At the SSF, the competitor will receive his finish time in hours ,minutes and seconds. This time in hours and minutes will be the start time for the following road section, Any competitor who fails to stop at the stop line must not , under the pain of exclusion , reverse to the stop line but must return on foot.

Service Area (SA)

SAs will have in and outs. A time out will be given at the SA IN.

Card Collect (CC)

CCs will be situated at the services in SA Ins. The organisers will establish CCs in order to collect time cards from competitors

19. RE-GROUP.

A Re-Group will be included in this route . Competitors will be issued with an OUT time at Re-Group IN. The Re-Group will take place at Service. Re-Group OUT will be at the same control as the Arrival Control.

20. SPECIAL STAGES

Special stage layout will be as follows . Approach to a special stage will be indicated by a clock on a yellow background. This signifies the beginning of the control area , and should not be passed until the competitor is due at the arrival control, Approximately 100 meters before the stage arrival control and on receipt of your arrival time you will be deemed to have entered the stage start control area and be identified

by a board showing a flag on a red background,

One hundred metres before the flying finish, a warning board will be posted showing a chequered flag on a yellow background. The flying finish will be indicated by a board showing a chequered flag on a red background. The distance between the flying finish and the stop line will be indicated by three countdown boards evenly spaced showing 3,2, and 1 diagonal stripes respectively. The finish marshal will be positioned at the stop line, and the competitors will be required to stop at this point which will be identified by a board with STOP on a red background,

Directional arrowing in the stages will be in accordance with the recommendations of the MSA GR.R29 arrows will be angled to show the severity of a junction indicated by one of four basic positions, either vertical, horizontal, raised or lowered by 45 degrees.

21. PACENOTES

Pace notes are forbidden whether or not they relate to the stage being used on this rally. Competitors may place supplementary information given by the organisers on maps of 1:25,000 or 1:50,000 scale.

22. SERVICING

Servicing will only be permitted by official vehicles. Servicing will only be permitted in areas specifically set aside by the organisers for the purpose of servicing. Only one service vehicle permitted per entry. Servicing will only be permitted after every stage.

23. SEEDING

Order of starting will be at the organisers' discretion based upon information supplied by the competitors. Any competitor found to have supplied false information on his or her entry form will be excluded and the total entry fee forfeited forthwith.

PLEASE NOTE THAT ONCE THE ENTRY LIST HAS BEEN PUBLISHED, NO COMMUNICATIONS WILL BE ENTERED INTO REGARDING IT.

24. DAMAGE DECLARATION .

Competitors will be required to complete and sign a damage declaration form stating that they have not been involved in any accident resulting in damage to private property or injury to persons or animals or, alternatively giving details of any such incident where damage or injury has occurred.

Any information given will not incur a penalty but failure to hand in duly completed form may be penalised by EXCLUSION.

Competitors who do not report at the finish are required to forward the damage Declaration to the Secretary of the meeting before leaving the airfield. Failure to do so will result in a report being sent to the MSA.

A fine of £100 may be imposed.
